Executive Summary

Essent continued to deliver strong financial results in 2023. Strong credit quality and resilience in housing and labor markets continued to drive favorable credit performance, while higher interest rates drove investment income growth and elevated persistency during the year.

In 2023, we earned \$696 million or \$6.50 per diluted share, compared to net income of \$831 million or \$7.72 per diluted share in 2022, while generating a 15% return on average equity. As a reminder, our financial results for 2022 included a loss provision benefit of \$175 million as a result of favorable development primarily from cures of defaults from the COVID era. Total revenues increased by 11% to \$1.1 billion in 2023, attributable to a 5% growth of the mortgage insurance (MI) insurance in-force (IIF), a 50% increase in net investment income, and the inclusion of \$43 million in title revenues. Our book value per share grew by approximately 16% in 2023, ending the year with GAAP equity of \$5.1 billion.

Despite the broader market’s focus on interest rates, credit remains the primary driver of our results, with the franchise being levered to the economy and housing. The credit quality of our IIF continues to be strong, with a weighted average FICO of 746, a weighted average original loan-to-value (LTV) of 93%, and a portfolio default rate of 1.8% at year-end 2023. We are pleased with our MI underwriting margin in 2023, and believe that the embedded home equity in our insured portfolio should continue to mitigate potential claims.

Regarding interest rates, as a portfolio business, MI is less beholden to rate-impacted transaction activity than other sectors within the housing ecosystem. Despite a challenging lending environment in 2023, we wrote \$48 billion of new insurance written (NIW) and ended year with an IIF of \$239 billion and persistency of 87%. Given our in-force book has a weighted average note rate of 4.4% and nearly 75% of the book has a note rate of 5.5% or lower, we expect persistency will remain elevated in 2024.

Heading into 2024, we remain constructive on the long-term outlook for housing, as the supply and demand imbalance and favorable demographic trends should provide foundational support to home prices. While sentiment has improved for a soft landing on the back of strong employment and consumer spending, we continue to manage our business for a range of potential economic scenarios. Given the strength of our balance sheet and our “buy, manage and distribute” operating model, we believe Essent is well positioned.

2023 Compensation Highlights

We maintain strong compensation governance practices that we believe support our pay-for-performance principles and align management incentives with the interests of our shareholders, emphasizing performance-based compensation that appropriately rewards our executives for delivering financial, operational and strategic results that meet or exceed pre-established goals. Consistent with prior years, our pay program continued to consist of three key elements significantly weighted to pay-for-performance: base salary; annual cash incentive tied to key operational and strategic goals; and long-term incentive awards linked to our common shares.

In keeping with that philosophy and consistent with prior years, a substantial majority of the compensation paid to our President and Chief Executive Officer and other named executive officers for 2023 was performance based:

We believe that retaining productive employees is imperative to a sustainable model. As with our most senior executives, we also strongly believe that all employees should make good decisions, “do the right thing” and “act like owners”. To that end, we awarded equity share grants in early 2023 to all of our then current employees that vest over a three-year period (the fourth time that we have made an employee-wide grant in Essent’s 14-year history). In early 2024, we awarded equity grants to all of the employees of our recently acquired title insurance and title agency businesses. As a result, nearly 100% of our current workforce holds our shares directly or through future-vesting awards.

Three Transformative Changes to the MI Industry

Our performance continues to reflect the strength of our operating model and the transformational changes that our industry has experienced over the last decade.

First, regulatory guardrails implemented after the global financial crisis, such as the Qualified Mortgage rule, and robust underwriting and quality assurance standards of Fannie Mae and Freddie Mac (the GSEs), have significantly improved industry credit quality and performance. Loss mitigation tools such as mortgage forbearance provide additional buffers to homeowners in hardship, preventing foreclosures and reducing claims.

Second, broad adoption of risk-based pricing engines enables mortgage insurers to not only evaluate and price long-tail mortgage credit risk granularly, but also to rapidly deploy targeted pricing strategies in response to changes in credit dynamics with pricing flexibility. We believe EssentEDGE, our proprietary risk-scoring engine powered by machine learning technology, is an effective risk management tool, allowing us to deliver our best rates to borrowers and optimize our unit economics and risk-adjusted returns.

Third, programmatic use of reinsurance hedges against risk and mitigates volatility, making MI a more stable and sustainable franchise through the cycle. At year-end 2023, approximately 93% of Essent's IIF is subject to some form of reinsurance, including \$1.4 billion of Insurance-Linked Notes (ILN) and excess-of-loss (XOL) protection, plus additional coverage from Quota Share (QS) reinsurance. Credit risk transfer to both capital markets and traditional reinsurers has proven to be a cost-effective way of managing risk and capital.

Given our strong balance sheet and profitability, along with the benefits of transformative changes to our business, S&P Global Ratings raised the long-term financial strength ratings of our two primary operating entities, Essent Guaranty and Essent Re, to 'A-' from 'BBB+' with a stable outlook in January 2024. With this upgrade, we reached a milestone of 'A-' or higher financial strength ratings by all rating agencies that cover Essent Guaranty and Essent Re.

A Measured Approach to Capital Management

We continue to take a measured approach to capital management to ensure that we always operate from a position of strength, balancing the needs to maintain a strong balance sheet, grow our core business, invest in our franchise, and return capital to shareholders. As a true believer of "capital begets opportunity," we maintain the lowest debt-to-capital ratio in the industry at 8% and over \$1 billion of total liquidity at the holding companies at the end of 2023, including \$694 million of net cash and investments plus \$400 million of undrawn revolving credit capacity.

Along with our core MI business that continues to have strong operating returns, Essent Re, our Bermuda-based reinsurance company, had another strong year of performance in 2023. In addition to reinsuring our U.S. MI business through a 35% affiliate QS agreement, Essent Re participates in risk-share transactions with the GSEs and other third parties and provides fee-based agency services to reinsurer clients. In July 2023, we closed on the acquisition of a title insurance business for \$93 million, which provides a platform for us to leverage our capital, lender network and risk analytics in an adjacent sector with a large addressable market. Our EssentVentures unit has invested \$277 million across venture capital, private equity, structured credit funds and direct investments, which has generated \$74 million of value ever-to-date.

The strength of our operating model provides us with confidence in the stability of Essent's cash flow and our ability to return earnings to our shareholders in the form of dividends and share repurchases. Our Board approved a 12% increase of Essent's quarterly dividend to \$0.28 per share for March 2024. Since we initiated a quarterly dividend of \$0.15 per share in September 2019, 2024 marks the fifth consecutive year that we have increased our annualized dividend to shareholders. In 2023, we distributed \$106 million to shareholders as dividends and repurchased 1.5 million ESNT shares for \$66 million. In October 2023, our Board authorized a new \$250 million share repurchase authorization effective at the start of 2024 and that will run through year-end 2025.

We intend to continue to implement capital strategies that we believe are in the best long term interest of our shareholders.

Commitment to Sustainability Best Practices

Essent's mission is to serve as a trusted, best-in-class partner to the housing finance industry by responsibly offering mortgage insurance, reinsurance and risk management products to mortgage lenders and investors to support affordable home ownership. Having a home provides a sense of security, well-being and belonging. The very core of what we do enables more people to buy their own homes, creating a positive ripple effect throughout their communities.

Under the direction of our Chief Executive Officer and Board of Directors, we are committed to supporting sustainability initiatives that are relevant to the Company and align with our company-wide dedication to responsible corporate citizenship that positively impacts the communities and people served. The strength of our balance sheet and operating model helps Essent to fulfill our mission to support affordable and sustainable homeownership. We remain committed to helping borrowers achieve home ownership. We continue to believe that Essent and our industry can play a greater role in leveraging private capital to support a strong and robust housing finance system while mitigating taxpayer risk.

Our continued success is directly related to our commitment to our core values—Integrity, Service, Innovation and Community. These values are the building blocks of our business and our ESG practices. Our annually published sustainability report provides more information on how we are delivering on our ESG commitment to our employees, our business partners and our community.

As a responsible corporate citizen, Essent is dedicated to Service and Community. Our practices make a difference in the communities where we live and work. Our corporate giving program and employee volunteer program are designed to sponsor national and local community organizations with a focus on children, education, health and housing. Embedded within the core of our MI business is a more inclusive future, and our dedication to responsible corporate stewardship is critical to our long-term success—doing the right thing is and will always be at the forefront of our mission.

Corporate Governance Practices

Essent has a strong top-down approach to ESG. Our Board is very active and has formal oversight over our environmental awareness, cybersecurity, corporate culture, employee engagement, diversity and community commitment. The charter of our Nominating, Governance and Corporate Responsibility Committee emphasizes that committee's responsibility for the "governance" and "environmental" aspects of the Company's sustainability programs, while the role of the Compensation Committee includes overseeing the "social" aspects of the Company's sustainability programs, including receiving periodic updates from the Company's management responsible for significant "social" activities. Our Corporate Governance Guidelines further detail the Board's oversight of technology, innovation and cyber risk, and continued commitment to diversity and inclusion.

We have two highly qualified female directors who bring with them particularly notable experience in the information technology, cybersecurity, and insurance and risk management fields. In addition, we continue to identify potential new diverse candidates to serve on our Board.

We believe that engaging with investors is fundamental to our commitment to good governance. Throughout the year, we seek opportunities to engage in two-way conversations with our investors to gain and share valuable insights into current and emerging business strategies and trends. During 2023, we held approximately 100 meetings with shareholders whose ownership represented approximately 35% of shares outstanding as of the end of 2023 to discuss various key corporate matters. Topics discussed included our credit performance, capital management philosophy, and our risk management practices including around underwriting risk, investment risk and regulatory compliance risk, among others. These meetings were conducted in person, via teleconference or at industry conferences.

Social Issues and Human Capital

We have approximately 530 employees working from primary offices in Pennsylvania, North Carolina, Missouri, New York, Virginia and Bermuda, as well as remotely throughout the United States. We provide competitive benefits that promote the health of our employees and their families and design compelling job opportunities, aligned with our mission, in a fast-paced, results-focused work environment. All of our employees are eligible to receive grants under our equity incentive plan, which as discussed above currently has nearly 100% participation. We offer varied employee training, development, mentorship and leadership opportunities and encourage our employees to continue to develop in their careers.

At Essent, we realize that continuous engagement with our employees is vital to driving successful, meaningful outcomes. Engagement surveys are conducted periodically and allow us to identify areas of strength and opportunities for improvement to ensure continued satisfaction and retention of our employees. CEO-led town hall style meetings are held regularly with our employees, covering topics such as business strategy and outlook, the competitive landscape, and emerging industry trends, and include a question-and-answer session with management. We believe that this format facilitates strong and productive conversations across our organization. As a result of our ongoing commitment to employee engagement and satisfaction, we continue to have a very high average annual employee retention rate over the past 5 years.

We are focused on cultivating a diverse and inclusive culture where our employees can freely bring diverse perspectives and varied experiences to work. We seek to hire and retain highly talented employees and empower them to create value for our shareholders. In our employee recruitment and selection process and operation of our business, we adhere to equal employment opportunity policies and encourage the participation of our employees in training programs that will enhance their effectiveness in the performance of their duties.

Our commitment to good corporate citizenship extends to supporting the communities that we serve. Our Board of Directors, management and employees are committed to transforming our communities by leveraging the power of our Company. We partner with charitable organizations, make donations, and connect our employees with volunteer opportunities to better their communities. Essent's charitable contributions focus in particular on housing, education, children and the military.

Our employees volunteer their time and talents to support local charities and community organizations. We encourage our employees to contribute their time to support various community and charitable activities. To foster participation, all full-time employees are granted a full day of paid time off to perform a "Day of Service" through a 501(c)(3) organization to help their communities. We also encourage charitable giving by employees by providing a 1:1 match of donations to 501(c)(3) organizations, up to \$1,000 per employee per year.

Our charitable program places special emphasis on championing education, in particular, for underserved youth. For example, we have made a \$3 million, 10-year commitment to Cristo Rey Philadelphia High School. Cristo Rey is an inner-city, independent, college preparatory school for low-income students who cannot otherwise afford a private education. Cristo Rey is a new model of private high school that opened in 2012 and has developed a unique partnership with local educators, businesses and universities. In addition, we have made a \$1.2 million multi-year commitment to support a Science, Technology, Engineering and Math (STEM) program specifically targeted to young women. We expanded our corporate giving program with a significant grant to the Pennsylvania-based Main Line Health Behavioral Health Services, which opened a new behavioral health unit expansion in 2022. In 2023, we contributed \$250,000 to establish the Clarifi Housing Stability Center and a Housing Stabilization Fund to aid Philadelphia, PA families in housing crisis.

Environmental Responsibility

Essent is committed to the stewardship of our shared environment. While the nature of our operations does not directly impact the environment in a material way, we seek to operate our corporate facilities in an environmentally sustainable, safe and healthy manner. We strive to be energy efficient across our operations, utilizing energy management systems that conserve energy as well as LED lighting and motion control sensors. Our corporate headquarters in Radnor, Pennsylvania is Energy Star certified as an environmentally-conscious corporate headquarters. In addition, we are committed to increasing waste recycling and increasing overall environmental awareness and training across our organization.

Proposal No. 1: Election of Directors

Our Board of Directors currently consists of nine directors. Our Bye-laws provide that our Board is divided into three classes consisting, as nearly as possible, of one-third of the total number of directors constituting the entire Board. Our directors hold office until their successors have been elected and qualified, or the earlier of their death, resignation or removal. Vacancies on the Board of Directors may be filled by shareholders or the Board. Our system of electing and removing directors may delay or prevent a change of our management or a change in control of our Company.

At the Annual Meeting, shareholders will elect three individuals to serve as Class I directors to hold office until our 2027 Annual General Meeting of Shareholders or until his or her successor has been duly elected and qualified or his or her earlier resignation or removal.

Each of Aditya Dutt, Henna Karna and Roy J. Kasmar has been nominated to stand for election at the Annual Meeting to serve as a Class I director. These nominees were recommended and approved for nomination by the Nominating, Governance and Corporate Responsibility Committee of our Board of Directors.

Proxies cannot be voted for a greater number of persons than the number of nominees named. If you sign and return the accompanying proxy, your shares will be voted for the election of the three nominees recommended by our Board of Directors unless you mark the proxy in such a manner as to withhold authority to vote or as to vote for one or more alternate candidates. If, for any reason, any nominee is unable or unwilling to serve, the persons named in the proxy will use their best judgment in selecting and voting for a substitute candidate, or our Board of Directors may reduce the number of Class I directors. Our Board of Directors, however, has no reason to believe that any of the nominees will be unable or unwilling to be a candidate for election at the time of the Annual Meeting.

Directors are elected by a majority of votes cast at the Annual Meeting.

The Board of Directors recommends a vote FOR the election of each of the nominated individuals.

Director Criteria, Qualifications, Experience and Tenure

The Nominating, Governance and Corporate Responsibility Committee of our Board of Directors is responsible for recommending to our Board of Directors candidates for nomination and election as directors at annual general meetings of shareholders or for appointment to fill vacancies on the Board. The Nominating, Governance and Corporate Responsibility Committee annually reviews with the Board the applicable skills and characteristics required of Board nominees in the context of current Board composition and company circumstances. In making its recommendations to our Board of Directors, the Nominating, Governance and Corporate Responsibility Committee considers, among other things, the qualifications of individual director candidates in light of the criteria described below. In accordance with its charter, the Nominating, Governance and Corporate Responsibility Committee may use a variety of sources, including but not limited to executive search firms, to identify director candidates, and has the authority to retain and approve compensation for such firms.

In evaluating a candidate, our Nominating, Governance and Corporate Responsibility Committee and our Board of Directors take into account a variety of factors, including:

- high personal and professional ethics, values and integrity;
- sound business judgment and financial literacy;
- diversity of point of view, including the candidate's education, skill, professional background, personal accomplishments, geography, race, gender, age, ethnic background, national origin, experience with mortgage, insurance, reinsurance or other businesses and organizations that our Board deems relevant and useful, including whether such attributes or background would contribute to the diversity of the Board as a whole;
- ability and willingness to serve on any committees of our Board of Directors;
- ability and willingness to commit adequate time to the proper functioning of our Board of Directors and its committees; and
- any criteria regarding independence and other matters required by the New York Stock Exchange (NYSE) or other applicable law or regulations.

The Nominating, Governance and Corporate Responsibility Committee and Board of Directors evaluate each individual in the context of the Board as a whole, with the objective of recommending a group that can perpetuate the success of our business and represent shareholder interests through the exercise of sound judgment, using its diversity of experience. Our Nominating, Governance and Corporate Responsibility Committee and Board of Directors evaluates the Board's own composition in the context of the diverse experiences and perspectives that the directors collectively bring to the boardroom. Their backgrounds provide the Board with valuable insights in areas such as:

The experiences, qualifications and skills of each director that the Board considered in his or her nomination are listed beside the directors' individual biographies on the following pages.

Based on the information available to it about a potential nominee, the Nominating, Governance and Corporate Responsibility Committee makes an initial determination whether to conduct a full evaluation of a candidate. As part of the full evaluation process, the Nominating, Governance and Corporate Responsibility Committee may conduct interviews, obtain additional background information and conduct reference checks of potential nominees. The Nominating, Governance and Corporate Responsibility Committee may also ask potential nominees to meet with management and other members of our Board of Directors. After completing this evaluation process, the Nominating, Governance and Corporate Responsibility Committee makes a recommendation to the full Board of Directors, which makes the final determination whether to nominate the candidate for election as a director.

The Board has concluded that each nominee for election as a Class I director should serve as a director based on the specific experience and attributes listed beside each such nominee's biography below and the Board's knowledge of that nominee, including the insight and collegiality that nominee is expected to bring to the Board's functions and deliberations.

The Nominating, Governance and Corporate Responsibility Committee and the Board consider director tenure in making Board nomination decisions and believe that it is desirable to maintain a mix of longer-tenured, experienced directors and newer directors with fresh perspectives. While we believe that longer-tenured, experienced directors, who have accumulated a substantial understanding of our business during their service, are a significant strength of the Board, we also believe that we benefit from the skill sets and perspectives of our newest directors.

Each director is expected to maintain an acceptable level of attendance, preparedness and participation with respect to meetings of the Board of Directors and its committees. In determining whether to recommend a director for re-election, the Nominating, Governance and Corporate Responsibility Committee also considers the director's past attendance at meetings, participation in and contributions to the activities of our Board of Directors, and the results of the most recent Board self-evaluation.

Annual Board Evaluation Process

Our Board of Directors recognizes that a robust and constructive evaluation process is an essential part of good corporate governance and board effectiveness. The evaluation processes utilized by the Board are designed and implemented under the direction of the Nominating, Governance and Corporate Responsibility Committee and aim to assess Board and committee effectiveness as well as individual director performance and contribution levels.

Each year, our directors complete governance questionnaires and self-assessments. These questionnaires and assessments facilitate a candid assessment of: the Board's performance in areas such as business strategy, risk oversight, talent development and succession planning and corporate governance; the Board's structure, composition and culture; and the mix of skills, qualifications and experiences of our directors.

The Nominating, Governance and Corporate Responsibility Committee and Board consider the results of the annual evaluations in connection with their review of director nominees to ensure the Board continues to operate effectively.

Shareholder Nominees for the Board of Directors

Shareholders desiring to recommend nominees for election as directors should submit their recommendations in writing to our Secretary at Essent Group Ltd., Clarendon House, 2 Church Street, Hamilton HM11, Bermuda. Recommendations from shareholders should include pertinent information concerning the proposed nominee's background and experience. The Nominating, Governance and Corporate Responsibility Committee may consider, as one of the factors in its evaluation of shareholder recommended nominees, the size and duration of the interest of the recommending shareholder or shareholder group in our capital stock. The Nominating, Governance and Corporate Responsibility Committee may also consider the extent to which the recommending shareholder intends to continue holding its interest in our capital stock, including, in the case of nominees recommended for election at an annual general meeting of shareholders, whether the recommending shareholder intends to continue holding its interest at least through the time of such annual general meeting of shareholders.

The Board of Directors and its Committees

Role of the Board

Governance is a continuing focus at the Company, starting with our Board of Directors and extending to management and all employees. The Board reviews the Company's policies and business strategies and advises and counsels the CEO and the other executive officers who manage the Company's business. In addition, we solicit feedback from our shareholders and engage in discussions with various stakeholders on governance and executive compensation issues.

Our Board of Directors met four times during 2023. Each incumbent director attended at least 75% of the aggregate meetings of our Board of Directors held during 2023 and the meetings held by all Board committees on which he or she served. Although we do not have a policy regarding the attendance of our Board members at our annual general meetings of shareholders, we encourage all directors to attend our annual general meetings of shareholders.

Our non-employee and independent directors also hold regular meetings without our management being present. Our non-employee and independent directors held four such meetings in 2023.

Board Leadership Structure

Our Board of Directors does not have a policy regarding the separation of the roles of Chief Executive Officer and Chairman of our Board of Directors, as our Board of Directors believes it is in our best interests to make that determination based on the position and direction of the Company and the membership of our Board of Directors.

Both the Chairman of the Board of Directors and Chief Executive Officer positions are currently held by Mr. Casale. Pursuant to our Corporate Governance Guidelines, in the event that the role of chairman is held by a member of our management, the independent members of our Board of Directors may designate one independent director to serve as the lead independent director. Mr. Spiegel currently serves as our lead independent director. Under the terms of our Corporate Governance Guidelines, the lead independent director has broad responsibility and authority, including:

- organizing and presiding over all meetings of our Board of Directors at which the chairman is not present, including all executive sessions of our non-employee and independent directors;
- serving as the liaison between the chairman and the non-employee directors;
- overseeing the information sent to our Board of Directors by management;
- approving meeting agendas and schedules for our Board of Directors;
- facilitating communication between our Board of Directors and management; and
- performing such other duties as requested by our Board of Directors.

We believe that having Mr. Casale serve as both our Chief Executive Officer and the Chairman of our Board of Directors, along with a lead independent director, is in the best interests of the Company and our shareholders at this time.

A number of factors support the leadership structure chosen by our Board, including, among others:

- Mr. Casale has extensive knowledge of all aspects of us and our business and risks, our industry and our customers, is intimately involved in our day-to-day operations and is best positioned to elevate the most critical business issues for consideration by our Board of Directors;
- our Board of Directors believes that having Mr. Casale serve in both capacities allows him to more effectively execute our strategic initiatives and business plans and confront our challenges;
- the combined role is both counterbalanced and enhanced by the effective oversight and independence of our Board of Directors and the independent leadership provided by our lead independent director and independent committee chairs; and
- our Board of Directors believes that the appointment of a strong lead independent director and the use of regular executive sessions of the non-employee directors, along with the Board's strong committee system and all directors being independent except for Mr. Casale, allow it to maintain effective oversight of management.

Determination of Director Independence

Our Board of Directors has considered whether our directors qualify as “independent” directors in accordance with NYSE listing requirements. The NYSE independence definition include a series of objective tests, such as that the director is not, and has not been for at least three years, one of our employees and that neither the director nor any of his family members has engaged in various types of business dealings with us.

In its assessment of director independence, our Board considers all commercial, charitable and other transactions and relationships (including tenure of Board service) that any director or member of his or her immediate family may have with us, with any of our affiliates, or with any of our consultants or advisers. Our Board applies the same criteria for assessing independence for purposes of each of the Audit Committee, Compensation Committee and Nominating, Governance and Corporate Responsibility Committee. Furthermore, in its assessment of a director’s independence for service on the Compensation Committee, our Board considers all factors that the Board believes specifically relevant to determining whether the director has a relationship which is material to such director’s ability to be independent from management in connection with his or her duties as a member of the Compensation Committee, including but not limited to any compensation payable to such director.

Based upon these standards, our Board of Directors has determined that only Mr. Casale is not considered to be independent, as he is a current employee of the Company. In making this determination, our Board of Directors reviewed and discussed information provided by the directors and us with regard to each director’s business and personal activities and relationships as they may relate to us and our management.

Board Committees and their Roles

Our Board of Directors maintains standing Audit, Compensation, Nominating, Governance and Corporate Responsibility, Risk, and Technology, Innovation and Operations Committees. Each committee has a charter that, among other things, reflects what we believe to be the best current practices in corporate governance.

The table below provides 2023 membership and meeting information for each of the Board’s committees.

Corporate Governance Guidelines

Our Board of Directors has adopted Corporate Governance Guidelines that serve as a flexible framework within which our Board of Directors and its committees operate. These guidelines cover a number of areas including the size and composition of the Board, Board membership criteria and director qualifications, director responsibilities, board agenda, roles of the Chairman of the Board of Directors and Chief Executive Officer, meetings of independent directors, committee responsibilities and assignments, Board member access to management and independent advisors, director communications with third parties, director compensation, director orientation and continuing education, evaluation of senior management and management succession planning.

Code of Business Conduct and Ethics

Our Code of Business Conduct and Ethics includes information regarding procedures established by the Audit Committee for the submission of complaints about our accounting or auditing matters. Our Code of Business Conduct and Ethics is applicable to our directors, executives and employees, and reflects and reinforces our commitment to integrity in the conduct of our business. Amendments to our Code of Business Conduct and Ethics and any grant of a waiver from a provision of our Code of Business Conduct and Ethics will be included in a current report on Form 8-K within four days of the date of the amendment or waiver, unless posting such information on our website will then satisfy the rules of the NYSE.

Our Audit Committee, on behalf of itself and our other non-employee directors, has established procedures to enable employees or other parties who may have a concern about our conduct or policies to communicate that concern. Our employees are encouraged and expected to report any conduct which they believe in good faith to be an actual or apparent violation of our Code of Business Conduct and Ethics. In addition, our Audit Committee has established procedures pertaining to receiving, retaining, and treating complaints received regarding accounting, internal accounting controls, or auditing matters, and with respect to the confidential, anonymous submission by our employees of concerns regarding, among other things, questionable accounting or auditing matters. Such communications may be confidential or anonymous, and may be e-mailed, submitted in writing, or reported by phone through various internal and external mechanisms as provided on our internal website. Additional procedures by which internal communications may be made are provided to each employee.

Our Code of Business Conduct and Ethics prohibits any employee or director from retaliating or taking any adverse action against anyone for raising or helping to resolve an integrity concern.

Succession Planning

Our Board of Directors, primarily through the Compensation Committee, assesses succession planning for management and leadership, with a primary focus on succession in the event of the unexpected incapacity of our Chairman of the Board of Directors, Chief Executive Officer and President. Our Corporate Governance Guidelines provide that our Chairman of the Board of Directors, Chief Executive Officer and President should at all times make available to our Board, on a confidential basis, his recommendations and evaluations of potential successors.

Share Ownership Guidelines

Both our non-employee directors as well as our senior executives (which we define as our Chief Executive Officer and each of his direct reports and includes all of our named executive officers) are required to maintain certain ownership levels of common shares during their service.

Each director and senior executive is required to own a minimum number of our common shares with an aggregate value equal to the following (or such lesser amount as the director or senior executive may have been granted to date):

POSITION	MINIMUM VALUE OF COMMON SHARES HELD
Director	Five times annual cash compensation
Chief Executive Officer	Six times annual base salary
Other Senior Executives	Two times annual base salary

Furthermore, each director and senior executive must hold at least 50% of the common shares that we issue to that individual until he or she satisfies the applicable share ownership threshold, less any shares used to satisfy tax obligations arising from receiving common shares from us.

For the purposes of our share ownership guidelines, restricted common shares and restricted common share units subject to time-based vesting are treated as shares held by a director or senior executive. However, unvested performance-based restricted common shares and restricted common shares units are not treated as being owned until they are earned and vested.

Our non-employee directors and executive officers are also subject to our insider trading policy, which prohibits transactions in our securities outside of "window" periods (except pursuant to previously adopted, approved Rule 10b5-1 plans), including short sales on our shares, or the purchase or sale of options, puts, calls, straddles, equity swaps, or other derivative securities that are directly linked to our equity.

Our Compensation Committee retains discretion to waive non-compliance with our share ownership guidelines in light of an individual director's particular facts and circumstances from time to time.

As of December 31, 2023, our Chief Executive Officer, each of our senior executives and each member of our Board of Directors have met the applicable share ownership guidelines. Our directors are expected to satisfy their share ownership guidelines through their annual equity compensation grants in respect of their Board service.

No Hedging Policy

Members of our Board of Directors, our executives and all other Company employees are prohibited from hedging their ownership or offsetting any decline in the market value of our common shares, including by trading in publicly-traded options, puts, calls or other derivative instruments related to our common shares.

Clawback Policy

Effective as of October 2, 2023, we adopted a NYSE-compliant clawback policy designed to recoup any erroneously awarded compensation resulting from certain accounting restatements. If we are required to prepare an accounting restatement because of either (i) the material noncompliance of the Company with any financial reporting requirement under the securities laws, including any required accounting restatement to correct an error in previously issued financial restatements that is material to the previously issued financial statements, or (ii) an error that is not material to previously issued financial statements, but would result in a material misstatement if the error were corrected in the current period or left uncorrected in the current period, then all incentive compensation paid or credited to each current or former executive officer for the restated period (up to three years) will be recalculated based on the restated results. To the extent the recalculated incentive compensation is less than the incentive compensation actually paid or credited to such executive officer for that period, the excess amount must be forfeited or returned to the Company. In the event of an executive officer's failure to repay any erroneously awarded compensation due under the clawback policy, we would enforce the clawback policy and pursue other remedies to the fullest extent permitted by law, unless certain conditions are met and the Compensation Committee determines that recovery would be impracticable.

Compensation Committee Interlocks and Insider Participation

Allan Levine, Douglas J. Pauls and William Spiegel served as the members of our Compensation Committee during 2023. No member of our Compensation Committee is an officer or employee of our Company. None of our executive officers serves, or in the past year has served, as a member of the Board of Directors or Compensation Committee of any entity that has one or more executive officers serving on our Board of Directors or Compensation Committee.

Availability of Committee Charters; Corporate Governance Guidelines; and Code of Business Conduct and Ethics

A copy of each of our Board committee charters, Corporate Governance Guidelines and Code of Business Conduct and Ethics is published on our website at www.essentgroup.com. Our Bye-laws are filed with the SEC and can be found on the SEC's website at www.sec.gov. Each of these documents is available in print to any shareholder upon request by writing to our Secretary at Essent Group Ltd., Clarendon House, 2 Church Street, Hamilton HM11, Bermuda. Our Board of Directors regularly reviews corporate governance developments and modifies our committee charters and key practices and policies as our Board believes to be warranted.

Communications with our Board of Directors and Non-Employee Directors

Any shareholder or other interested party that desires to communicate directly with our Board of Directors, any committee of the Board of Directors or our non-employee directors as a group may do so by addressing the communication in care of our Secretary at

Essent Group Ltd., Clarendon House, 2 Church Street, Hamilton HM11, Bermuda with a request to forward the communication to the intended recipient. The Secretary's office opens all such correspondence and forwards it to the relevant director or group of directors, except for items unrelated to the functions of the Board, including business solicitations or advertisements.

Board of Directors’ Role in Risk Oversight

Our Board of Directors as a whole has responsibility for risk oversight, with reviews of certain areas being conducted by the relevant committees of the Board that report on their deliberations to the full Board. The oversight responsibility of our Board of Directors and its committees is enabled by management reporting processes that are designed to provide visibility to the Board about the identification, assessment and management of critical risks and management’s risk mitigation strategies. These areas of focus include competitive, economic, operational, financial (accounting, credit, liquidity and tax), legal, regulatory, compliance and reputational risks. Our Board of Directors and its committees oversee risks associated with their respective principal areas of focus, as summarized below.

<i>Audit Committee</i>	Risks and exposures associated with financial matters, particularly financial reporting, tax, accounting, disclosures, compliance, internal control over financial reporting, financial policies and credit and liquidity matters and our enterprise risk management program.
<i>Compensation Committee</i>	Risks and exposures associated with executive compensation programs and arrangements, including incentive plans, and leadership and succession planning.
<i>Nominating, Governance and Corporate Responsibility Committee</i>	Risks and exposures associated with corporate governance and sustainability.
<i>Risk Committee</i>	Risks associated with insurance and investment portfolios and investment guidelines, including credit, underwriting, pricing risk, market risk and liquidity risk.
<i>Technology, Innovation and Operations Committee</i>	Risks and exposures related to technology, innovation, data security and data privacy, and operations-related matters.

We maintain an internal disclosure committee consisting of certain members of our executive management and senior employees. The disclosure committee meets at least quarterly to bring together representatives from our core business functions and employees involved in the preparation of our financial statements so that the group may discuss any issues of which the members are aware that should be considered for disclosure in our public SEC filings. The disclosure committee reports to our President and Chief Executive Officer and our Senior Vice President and Chief Financial Officer.

Director Compensation

The Compensation Committee reviews and establishes the compensation of our non-employee directors. Our director compensation program is designed to compensate our non-employee directors for their service to the Company and the level of responsibility they have assumed in today’s corporate governance environment.

Our Compensation Committee retains the services of an independent compensation consultant, Korn Ferry, to review our non-employee director compensation program in comparison with market data. Each year the Compensation Committee, based on information provided by the independent compensation consultant, reviews the total annual compensation of the non-employee directors, with a goal of positioning director compensation at the median of our peer group at that time (for additional information regarding our peer group see below under “Executives and Executive Compensation—Compensation Discussion and Analysis—Peer Group Composition” on page 33). In February 2024, the Compensation Committee instructed Korn Ferry to re-evaluate the compensation that we pay to our Board of Directors. Based on information provided by Korn Ferry, the Compensation Committee approved modest changes to our non-employee director compensation program commencing in 2024 in order to bring certain elements of the program closer in line with competitive market practices while continuing to position total annual compensation at the median of our peer group.

The compensation arrangements for the non-employee directors of the Board for 2023 and 2024 are described below. Mr. Casale, the Chairman of the Board of Directors and our President and Chief Executive Officer, does not receive additional compensation for serving as a member of our Board of Directors.

Compensation Discussion and Analysis

This Compensation Discussion and Analysis (CD&A) describes our executive compensation programs, including the oversight of such programs by our Compensation Committee and the rationale and processes used to determine the compensation for the Company's named executive officers ("NEOs") and provides a detailed description of those programs. This CD&A, which may include forward-looking statements, should be read together with the compensation tables and related disclosures that follow this section.

This discussion focuses on the compensation provided to the Company's NEOs during 2023, who were:

NAME	TITLE
	Mark A. Casale Chairman of the Board of Directors, President and Chief Executive Officer
	Christopher G. Curran President, Essent Guaranty, Inc.
	Mary L. Gibbons Senior Vice President, Chief Legal Officer and Assistant Secretary
	Vijay Bhasin Senior Vice President and Chief Risk Officer
	David B. Weinstock Senior Vice President and Chief Financial Officer

Executive Summary

As discussed above on page 1 under "Proxy Statement Summary—Executive Summary—2023", Essent continued to deliver strong financial results in 2023. In 2023, we earned \$696 million or \$6.50 per diluted share, compared to net income of \$831 million or \$7.72 per diluted share in 2022, while generating a 15% return on average equity. As a reminder, our financial results for 2022 included a loss provision benefit of \$175 million as a result of favorable development primarily from cures of defaults from the COVID era. Total revenues increased by 11% to \$1.1 billion in 2023, attributable to a 5% growth of the mortgage insurance (MI) insurance in-force (IIF), a 50% increase in net investment income, and the inclusion of \$43 million in title revenues. Our book value per share grew by approximately 16%, ending the year with GAAP equity of \$5.1 billion.

Despite the broader market's focus on interest rates, credit remains the primary driver of our results with the franchise being levered to the economy and housing. The credit quality of our IIF continues to be strong, with a weighted average FICO of 746, a weighted average original LTV of 93%, and a portfolio default rate of 1.80% at year-end 2023. We are pleased with the MI underwriting margin in 2023, and believe that the embedded home equity in our insured portfolio should continue to mitigate potential claims.

When it comes to interest rates, as a portfolio business, MI is less beholden to rate-impacted transaction activity than other sectors within the housing ecosystem. Despite a challenging lending environment in 2023, we wrote \$48 billion of New Insurance Written (NIW) and ended year with an IIF of \$239 billion and persistency of 87%. Given our in-force book has a weighted average note rate of 4.4% and nearly 75% of the book has a note rate of 5.5% or lower, we expect persistency will remain elevated in 2024.

Essent's 2023 Performance

Diluted Earnings Per Share	• \$6.50 per share for the year ended December 31, 2023
New Insurance Written	• Insurance in force grew by 5.3% in 2023, to \$239.1 billion, due in large part to persistency of 87% as of the end of 2023.
Group Unit Economics	• 16.1% for new business written in 2023.
Bermuda-Based Reinsurance Business	• Essent Re generated \$80 million in revenue from third-party business for the year ended December 31, 2023.
Risk Mitigation	• \$281.5 million of aggregate excess of loss reinsurance coverage on an existing portfolio of mortgage insurance policies written in 2022 and 2023 that was fully collateralized at inception by insurance linked notes issued by Radnor Re 2023-1 Ltd., a newly formed unaffiliated special purpose insurer domiciled in Bermuda.
Other Highlights	• Payment of quarterly dividends of \$0.25 in 2023 (increased to \$0.28 in March 2024). • Acquired Agents National Title Insurance Company, a title insurance underwriter, and Boston National Title, an independent title agency, effective July 1, 2023. • Our EssentVentures unit continued to invest across venture capital, private equity, structured credit funds and direct investments, with a goal to generate both financial and informational returns. As of December 31, 2023, we have invested \$277 million through these efforts with approximately \$74 million of value created.

Executive Compensation Highlights

Consistent with our emphasis on performance-based compensation (see “—Compensation Philosophy” below), the actual incentive compensation paid to our named executive officers for 2023 was above target. The Compensation Committee of our Board of Directors, which we refer to as the “Compensation Committee” or the “Committee” in this CD&A, awarded each of our named executive officers above-target incentive compensation under our annual bonus plan for 2023 representing 175%, 165%, 150%, 150% and 175% of the annual incentive compensation targets for Messrs. Casale, Curran, Bhasin and Weinstock and Ms. Gibbons, respectively.

The Compensation Committee, with the assistance of its independent compensation consultant, Korn Ferry, engages in an ongoing review of our executive compensation program to determine that it supports the competitive compensation philosophy established by the Committee and ultimately serves the interests of our shareholders. For 2023, the Committee followed a similar process as it has used in prior years:

- **Process used for compensation determinations.** The Committee reviewed external market data presented by its independent compensation consultant to aid it in setting market-based compensation levels. The committee also considered individual and Company performance, skill sets, experience, leadership, growth potential, and other business needs as well as current best practices and developments when making compensation decisions.
- **Total target cash compensation.** Total target cash compensation for 2023 was targeted between the 25th and 50th percentiles of our peer group (see “—Compensation Objectives and Principles” on page 33 for additional information).
- **Annual equity compensation.** We continued to make annual long-term equity incentive grants to our Chief Executive Officer and other named executive officers.

In connection with Mr. Weinstock's promotion in March 2023 to the role of Senior Vice President and Chief Financial Officer, the Compensation Committee adjusted Mr. Weinstock's annual compensation as follows:

- Mr. Weinstock's annual base salary was increased to \$375,000 effective March 14, 2023;
- Mr. Weinstock's target annual bonus was increased to 100% of his annual base salary effective January 1, 2023, all of which will be payable in cash; and
- the target long-term equity incentive award for Mr. Weinstock was set at 100% of his annual base salary, with 50% of such award being subject to performance- and time-based vesting and 50% of such award being subject to time-based vesting over a three-year period.

In connection with his promotion, the Compensation Committee also approved a grant of 25,000 restricted share units to Mr. Weinstock that vest in three equal installments on April 1, 2026, April 1, 2027 and April 1, 2028.

In February 2024, the Compensation Committee further adjusted Mr. Weinstock's annual compensation as follows:

- Mr. Weinstock's annual base salary was increased to \$400,000 effective January 1, 2024; and
- the target long-term equity incentive award for Mr. Weinstock was increased to 150% of his annual base salary, with 50% of such award being subject to performance- and time-based vesting and 50% of such award being subject to time-based vesting over a three-year period.

Advisory Vote on Compensation

At our 2023 Annual General Meeting of Shareholders, our "say on pay" proposal resulted in a favorable vote from approximately 98% of the shares cast. Based on investor feedback, the high percentage of support was due to the appropriateness of the overall design of our compensation programs and our regular communications with our shareholders and responsiveness to shareholder feedback obtained through our regular engagement process. After consideration of the shareholder input we received, which in general supported the structure and design of our compensation plans and programs, particularly our emphasis on long-term equity awards, as well as our strong performance and management's and the Compensation Committee's assessment of the continuing success of our compensation programs, the Compensation Committee determined that the overall design of our compensation programs during 2023 would be maintained consistent with immediate past years. The Compensation Committee will continue to work to ensure that our executive officers' interests are aligned with our shareholders' interests to support long-term value creation and continue to strengthen the Company.

Executive Compensation Best Practices

We maintain strong compensation governance practices that we believe support our pay-for-performance principles and align management incentives with the interests of our shareholders. We have adopted a number of "best practices" with respect to executive compensation, including:

WHAT WE DO		WHAT WE DON'T DO	
✓	A significant portion of target annual compensation for our named executive officers is "at-risk" compensation, including performance-based incentive and long-term equity-based awards.	✗	No significant perquisites.
✓	Maintain robust share ownership guidelines.	✗	No special retirement plans for our named executive officers.
✓	Double-trigger equity vesting in respect of time-based restricted common shares upon a change in control.	✗	No re-pricing of stock options without shareholder approval.
✓	Prohibit employees from hedging the value of our common shares.	✗	No tax gross-ups on excise taxes.
✓	Retain an independent compensation consultant to review our executive compensation program and practices.	✗	No dividends or dividend equivalents are paid in respect of unearned performance-based restricted common shares.
✓	Engage with our shareholders.		
✓	Design our executive compensation programs to manage business and operational risk and to discourage short-term risk taking at the expense of long-term results.		
✓	NYSE-compliant clawback policy in the event of a financial restatement.		

Compensation Philosophy

Our compensation philosophy centers upon:

- attracting and retaining industry-leading talent to maximize shareholder value creation over the long-term by targeting compensation levels that are competitive when measured against other companies within our industry;
- emphasizing performance-based compensation that appropriately rewards our executives for delivering financial, operational and strategic results that meet or exceed pre-established goals, as reflected in our performance-based annual incentive program as well as through the use of restricted common shares subject to performance-based vesting in our long-term incentive program;
- rewarding individual performance and contribution to our success; and

- aligning the interests of our executives with those of our shareholders and the long-term interests of the Company through equity ownership requirements and grants of equity-based awards.

Executive Compensation Participants

Compensation Committee—Role and Permitted Members

The Compensation Committee oversees the compensation and benefit programs of our executive officers, including each of our named executive officers. The Committee is responsible for ensuring that our compensation policies and practices support the successful recruitment, development, and retention of executive talent and leadership required to achieve our business objectives. The responsibilities of the Compensation Committee include:

- approving the goals and objectives relating to our Chief Executive Officer's compensation, evaluating the performance of our Chief Executive Officer in light of such goals and objectives, and setting the compensation of our Chief Executive Officer based on this evaluation;
- approving the salaries and annual incentive awards of each of our other named executive officers, as well as our senior other executive officers, taking into account the recommendation of our Chief Executive Officer and such other information as the Compensation Committee believes is appropriate;
- administering our equity incentive plans, including authorizing grants of restricted common shares, restricted common share units, performance units, options and other equity-based awards under these plans;
- retaining and terminating, in its sole discretion, third party consultants to assist in the evaluation of director and executive compensation (with sole authority to approve any such consultant's fees and other terms of engagement); and
- assessing the appropriate structure and amount of compensation for our directors.

The Compensation Committee is made up entirely of "independent" directors, consistent with the current listing standards of the NYSE. Each member of the Committee also qualifies as a "non-employee director" as defined under Section 16 of the Securities Exchange Act of 1934.

Role of Management and the Chief Executive Officer in Compensation Decisions

The Compensation Committee strongly believes in aligning the interests of our named executive officers and other executives with those of our shareholders through an executive compensation program designed with input from our Chief Executive Officer who is in regular dialogue with the Committee and, as appropriate, the Committee's independent compensation consultant, regarding internal, external, cultural, business and motivational challenges and opportunities facing us and our executive talent. To that end, our management team analyzes, with assistance from the Committee's independent compensation consultant, trends and may recommend improvements to the compensation programs.

Our Compensation Committee seeks the views of our Chief Executive Officer in setting and administering our executive compensation programs. In particular, at the beginning of each year, Mr. Casale, the Chairman of our Board of Directors and our Chief Executive Officer, oversees the development of corporate and individual goals for purposes of annual and long-term compensation of each of our named executive officers (other than himself). These goals are derived from our corporate business plan and include both quantitative measurements and qualitative considerations selected to reinforce and enhance achievement of our operating and growth objectives. The Compensation Committee reviews these goals with Mr. Casale, adopts revisions it deems appropriate and determines the final goals for annual and long-term compensation.

Following the end of each year, Mr. Casale reviews with the Compensation Committee the achievement of corporate, business unit/ regional and individual goals and the performance of each named executive officer (other than himself), and presents his recommendations (without any recommendation as to his own compensation) regarding base salary adjustments, annual bonus, and long-term equity awards for our named executive officers (other than his own) to ensure alignment of shareholder interests with each executive's goals as well as to reward the executive for their performance. Although the Committee receives management's input with respect to executive compensation, all decisions regarding compensation for our named executive officers are made by the Committee. With respect to the non-quantitative performance measures applicable to our named executive officers, the Compensation Committee relies heavily on the views of Mr. Casale (other than as to himself). As our Chief Executive Officer, Mr. Casale oversees the day-to-day performance of the other named executive officers. As such, our Compensation Committee believes that he is well positioned to evaluate their performance and make recommendations as to their overall compensation.

Independent Compensation Advisor

The Compensation Committee has the power to hire and fire independent compensation consultants, legal counsel, or financial or other advisors as it may deem necessary to assist it in the performance of its duties and responsibilities, without consulting or obtaining the approval of the Company's management. The Committee recognizes the importance of objective, independent expertise and advice in

carrying out its responsibilities. The Compensation Committee continued to retain Korn Ferry as its independent compensation consultant through 2023. Korn Ferry reports directly to, and is directly accountable to, the Committee, and the Committee has the sole authority to retain, terminate, and obtain the advice of Korn Ferry at the Company's expense. The Compensation Committee has selected Korn Ferry as its consultant because of its expertise and reputation and the fact that Korn Ferry has no other ties to management that could jeopardize its fully independent status, and has strong internal governance policies that help ensure that it maintains its independence. The Compensation Committee partnered with Korn Ferry throughout 2023 on various executive compensation matters, including a review of the Company's compensation programs. The Committee, with the assistance of its independent compensation consultant, monitors market compensation practices and developments, as well as the appropriateness of the various components of the executive pay program, as our business progresses and evolves with anticipated growth and changing market conditions.

The Compensation Committee annually assesses the independence of Korn Ferry pursuant to the rules of the SEC and the listing standards of the NYSE rules. In performing the annual independence assessment, the Committee considers various factors bearing on adviser independence, including the nature and amount of work performed for the Committee during the year, the nature of any unrelated services performed for the Company, the amount of fees paid for those services in relation to the firm's total revenues, the adviser's policies and procedures designed to prevent conflicts of interest, and the existence of any business or personal relationship that could impact the adviser's independence. Pursuant to SEC and NYSE rules, the Committee assessed the independence of Korn Ferry and determined that Korn Ferry's work for the committee has not raised any conflicts of interest. During 2023, we paid Korn Ferry approximately \$114,664 in fees for its services to the Compensation Committee relating to executive and director compensation.

Peer Group Composition

In making compensation decisions, the Compensation Committee considers competitive market data presented by its independent compensation consultant, including data derived from a peer group of companies approved by the Committee.

In selecting peers, the Compensation Committee seeks to maintain consistency from year to year, to the extent appropriate, and the Compensation Committee's intention is to update its peer group every other year (other than for events potentially calling for the immediate elimination of a peer group member, such as a merger, acquisition, or bankruptcy of a peer group member). The Compensation Committee selected the members of this peer group based on the consideration of the size (measured by both revenue and market capitalization), industry, the organizational complexity of each company, the companies that we compete with for experienced executives, and the recommendations of its independent compensation consultant.

The Compensation Committee elected to continue to use the same peer group for purposes of evaluating compensation for 2023 that was used in 2022, consisting of the following 14 publicly traded companies:

- Arch Capital Group Ltd.
- Assured Guaranty Corporation
- Fidelity National Financial Inc.
- First American Financial Corp.
- Genworth Financial Inc.
- Markel Group, Inc.
- MGIC Investment Corp.
- Mr. Cooper Group Inc. (formerly Nationstar Mortgage Holdings Inc.)
- NMI Holdings, Inc.
- PennyMac Financial Services, Inc.
- Radian Group Inc.
- RenaissanceRe Holdings Ltd.
- Stewart Information Services Corp.
- W. R. Berkley Corp.

Based on the peer selection criteria listed above, the Compensation Committee made the following changes in November 2023 (effective for performance periods commencing January 1, 2024) to the peer group:

- Genworth Financial, Inc. was removed from the peer group and was replaced with Enact Holdings, Inc., a publicly traded (since 2021), majority-owned subsidiary of Genworth Financial, Inc. which is a monoline mortgage insurance company.
- Markel Group Inc. was removed from the peer group due to its large size and business fit considerations.
- Old Republic International Corporation and OneMain Holdings, Inc. were added to the peer group due to their operations in the financial services industry and their size relative to ours.

Compensation Objectives and Principles

The Compensation Committee believes that the establishment and maintenance of a competitive executive compensation program is in the best interests of our shareholders. Consistent with our compensation philosophy, the executive compensation program approved by the Compensation Committee is designed to facilitate the attraction and retention of top-caliber talent, and to align the interests of our executives with those of our shareholders. For our fiscal year 2023:

- target cash compensation of our named executive officers was determined to target the 25th to 50th percentiles of our peer group (see “—Peer Group Composition” above); and
- annual incentive opportunities for our named executive officers as a percentage of base salary were determined to target the 50th percentile (median) relative to our peer group.

Elements of Compensation

In accordance with our overall compensation philosophy and program, executives are provided with a mix of base salary, annual incentives, long-term incentives, and retirement and welfare benefits. Our compensation philosophy places a greater portion of the potential compensation for each named executive officer “at risk” such that compensation will vary based on performance. The following table describes the key elements of compensation and the philosophy behind providing each such element:

COMPENSATION ELEMENT	DESCRIPTION	PHILOSOPHY BEHIND PROVIDING COMPENSATION ELEMENT
Annual Compensation:

The Compensation Committee reviews all elements that collectively contribute to total compensation rather than any specific formula to determine the allocation between performance-based and guaranteed compensation in making its decisions each year. This process ensures that judgments made in respect of any individual element of compensation are taken in the context of the total compensation that an individual receives, particularly the balance between base salary, annual incentives and long-term incentives.

Base Salary

Base salaries are an important element of compensation and provide our executive officers with a fixed rate of cash compensation that is “non-variable” during the relevant period. In determining base pay, our Compensation Committee considers the executive’s

responsibilities, growth potential, individual performance against predetermined objectives, base salary competitiveness as compared to the external market, and our operating performance.

Although the Compensation Committee targeted base salary for 2023 between the 25th and 50th percentiles of our peer group (see “—Peer Group Composition” above), actual base salary may be above or below that range based on the Committee’s review of the underlying scope of a named executive officer’s responsibilities, individual performance and experience, internal pay equity, and retention concerns. The Compensation Committee strives to maintain base salaries at levels that will attract top talent, while linking a significant portion of an executive’s total compensation opportunity to our success.

The annual base salaries for our named executive officers for 2023 were:

NAME	2023 BASE SALARY
Mark A. Casale	\$1,000,000
Christopher G. Curran	\$ 650,000

Performance-Based Annual Incentive Compensation

Our Board of Directors approved, and our shareholders first adopted, the Essent Group Ltd. Annual Incentive Plan in 2013, which we refer to as the “Annual Plan.” The Annual Plan was re-approved by our shareholders at our 2017 Annual General Meeting of Shareholders.

In 2023, incentive awards were made under our annual leadership bonus program pursuant to the Annual Plan. The Annual Plan is intended to advance the interests of the Company and its shareholders by:

- providing those employees designated by the Compensation Committee, which may include our named executive officers, senior vice presidents, other senior executives, and other employees, incentive compensation tied to pre-established performance goals;
- identifying and rewarding superior performance;
- providing competitive compensation to attract, motivate, and retain outstanding employees who achieve superior performance for us; and
- fostering accountability and teamwork throughout the Company.

In accordance with the terms of the Annual Plan, the Compensation Committee established our fiscal year (which coincides with the calendar year) as the performance period, designated those executives eligible to participate, set the level of potential awards, and determined the financial targets or other performance measures which, if attained, result in payment of awards under our annual leadership bonus program for 2023 (the “performance goals”).

Performance Targets for Past Year/Performance Period

The table below sets forth each named executive officer’s 2023 threshold, target, and maximum annual incentive opportunities under our annual leadership bonus program, expressed as a percentage of base salary.

With respect to corporate goals, the annual incentive opportunity for 2023 was designed to focus our named executive officers on both quantitative and qualitative financial and strategic goals. The following table summarizes the corporate performance goals for 2023 applicable to our named executive officers that were approved by the Compensation Committee in February 2023. Management and the Compensation Committee view the substance and nature of the subjective corporate-level strategic accomplishments to be proprietary and sensitive.

Discretionary Bonus Award

In February 2024, the Compensation Committee approved a discretionary bonus award to Mr. Casale in excess of his annual incentive opportunity potentially payable pursuant to our Annual Plan. This discretionary bonus was awarded in recognition of contributions to the Company's strong financial and operating performance and the achievement of significant strategic objectives during 2023. This additional amount, when added to the amount payable pursuant to our Annual Plan, results in a payout that was comparable to the annual incentive compensation, as a percentage of target annual incentive compensation, historically paid to Mr. Casale and our other named executive officers. The amount of the special discretionary bonus award paid to Mr. Casale in cash in February 2024 is set forth in the table below.

NAME	DISCRETIONARY BONUS AWARD – 2023
Mark A. Casale	\$212,500

Long-Term Equity Incentive Compensation

Through our long-term equity incentive program, we provide our senior executives, including each of our named executive officers, the opportunity to earn equity awards which are in part contingent on the attainment of multi-year performance goals. Our long-term equity incentive awards provide balanced equity incentives that reward executives' focus on delivering both financial results and long-term growth. Equity-based compensation is used in order to facilitate retention, provide long-term motivation and focus our executives on increasing shareholder value. In addition, we believe that our long-term equity incentive compensation program balances the risks associated with short-term incentive compensation that may reward behavior with short-term benefits that may be less beneficial over the long-term. The target long-term equity incentive awards are designed to achieve, when combined with the executive's base salary and target annual incentive compensation opportunity, total compensation at approximately the 50th percentile of comparable positions at peer group companies (see "—Peer Group Composition" above).

For 2023, the target annual long-term equity incentive awards for our named executive officers (other than Mr. Weinstock) were as follows:

- Mr. Casale—600% of his annual base salary, with 75% of such award being subject to performance- and time-based vesting and 25% being subject to time-based vesting over a three-year period;
- Messrs. Curran and Bhasin and Ms. Gibbons—200% of his or her respective annual base salary, with 50% of such award being subject to performance- and time-based vesting and 50% being subject to time-based vesting over a three-year period; and
- Mr. Weinstock—100% of his annual base salary, with 50% of such award being subject to performance- and time-based vesting and 50% being subject to time-based vesting over a three-year period.

The following table sets forth the annual long-term equity incentive awards granted to our named executive officers in 2023:

NAME	RESTRICTED SHARES/ RESTRICTED SHARES UNITS SUBJECT TO TIME-BASED VESTING	RESTRICTED SHARES/ RESTRICTED SHARE UNITS SUBJECT TO TIME- AND PERFORMANCE- BASED VESTING(1)	TOTAL RESTRICTED SHARES/ RESTRICTED SHARE UNITS GRANTED
Mark A. Casale	34,475	206,850	241,325
Christopher G. Curran	14,940	29,880	44,820
Mary L. Gibbons	11,492	22,984	34,476
Vijay Bhasin	10,343	20,686	31,029
David B. Weinstock	4,890	9,779	14,669

(1) Represents maximum number of shares that may vest under the awards if the applicable performance metrics are satisfied at the maximum levels.

The time-vested restricted common shares vest in equal annual installments during the three-year period commencing on March 1, 2023, subject to the executive's continuous employment through each such vesting date.

The performance-vested shares, which were issued at the maximum 200% of target, become earned upon the Company's achievement of a combination of book value per share compounded annual growth rate (CAGR) and relative total shareholder return percentage as set out in the following table (with straight line interpolation between the respective levels) during the three-year performance period commencing on January 1, 2023, and any earned shares will vest on March 1, 2026, subject to the executive's continuous employment through such date:

	RELATIVE TOTAL SHAREHOLDER RETURN VS. S&P 1500 FINANCIAL SERVICES INDEX			
		≤25 TH PERCENTILE	50 TH PERCENTILE	≥75 TH PERCENTILE
Three-Year Book Value Per Share CAGR	10%	100%	150%	200%
	9%	75%	125%	175%
	8%	50%	100%	150%
	6%	25%	75%	125%
	5%	0%	50%	100%

In addition to his long-term incentive awards for 2023, Mr. Weinstock received several additional awards in 2023:

- an award for 3,010 restricted common share units in January 2023 which vest in equal annual installments during the three-year period commencing on January 8, 2024, subject to Mr. Weinstock's continuous employment through each such vesting date;

- an award for 3,118 restricted common share units in February 2023 which vest in equal annual installments during the three-year period commencing on March 1, 2023, subject to Mr. Weinstock's continuous employment through each such vesting date, representing 25% of the aggregate value of Mr. Weinstock's annual incentive bonus for 2022; and
- an award of 25,000 restricted shares units in connection with his appointment as our Senior Vice President and Chief Financial Officer in March 2023 which vests in three equal installments on April 1, 2026, April 1, 2027 and April 1, 2028.

All outstanding restricted common shares and restricted common share unit awards are eligible to participate in our quarterly dividends, with any dividends in respect of unvested shares and units retained by the Company until such time, if ever, as the underlying share or unit is vested. Retained dividends made in cash will be deemed reinvested in notional common shares ("dividend equivalent rights") such that upon release and distribution of such retained dividend to the award holder, the executive will be entitled to receive on the date of such release an amount of cash or the number of whole shares or a combination thereof, as determined by our Compensation Committee, the aggregate fair value of which will be equal to the fair market value of the notional common share or unit to which such released retained dividends relate.

Other Elements of Compensation

As described below, we also provide certain retirement benefits and welfare benefits to our named executive officers.

Retirement Benefits

Our eligible employees, including each of our named executive officers, are eligible to participate in a tax-qualified 401(k) retirement plan. In addition to being able to make contributions (up to tax law limits), participants are eligible for a Company matching contribution of 100% of their contributions up to 5% of their eligible compensation. The matching contribution is provided on the same basis to our named executive officers as all other employees who participate in the plan. The amounts contributed to the 401(k) plan on behalf of each of the named executive officers are listed in the Summary Compensation Table elsewhere in this proxy statement.

Perquisites

We do not have a formal perquisite policy and do not emphasize special perquisites for our executive officers, although the Compensation Committee periodically reviews perquisites for our named executive officers. Rather, there are certain specific perquisites we have agreed to provide particular executives based on their specific situations. In particular, each of our named executive officers is entitled to participate in the Company's financial counseling and diagnostic wellness programs as in effect from time to time.

Medical and Other Welfare Benefits

Our named executive officers, along with all of our other employees, are eligible to participate in medical, dental, life, accidental death and disability, long-term disability, short-term disability, and other employee benefits. The purpose of these plans is to provide competitive benefits to our employees and to help to attract and retain employees by offering a comprehensive package of benefits.

Termination, Severance and Change in Control Benefits

The employment agreements with each of Messrs. Casale, Curran and Bhasin and Ms. Gibbons provide severance payments and benefits upon certain qualifying terminations of employment. In addition, upon certain qualifying terminations following, or in some circumstances upon the occurrence of, a change in control, Messrs. Casale, Curran and Bhasin and Ms. Gibbons may be entitled to receive certain vesting of their outstanding restricted common share awards pursuant to the terms of their respective employment agreement or the terms of our equity incentive plans.

Based on the input of its independent compensation consultant, the Compensation Committee determined that these arrangements are appropriate and that the payments and benefits provided for under these arrangements upon certain qualifying terminations of employment or in connection with a change in control are consistent with market practice and essential in attracting and retaining key talent. In addition, the change in control provisions are significant to ensure that we have the continued attention and dedication of our executives during circumstances that could result in a change in control. These provisions are further described beginning on page 48 ("—Potential Payments and Benefits upon Termination or Change in Control").

Impact of FASB ASC Topic 718

The accounting standards applicable to the various forms of long-term incentive plans under FASB ASC Topic 718 is one factor that the Compensation Committee and the Company consider in the design of long-term equity incentive programs. Other factors include the link to the performance that each vehicle provides, the degree of upside leverage and downside risk inherent in each vehicle, the impact on dilution and overhang that the vehicles have, and the role that each vehicle has in the attraction, retention, and motivation of our named executive officers and other key employee talent. The Company and its external financial advisors consider FASB ASC Topic 718 expense to ensure that it is reasonable, but expense will not be the most important factor in making decisions about awards under long-term incentive plans.

Tax Considerations and Deductibility of Compensation

The deductibility of compensation paid to any person who served as our Chief Executive Officer or Chief Financial Officer at any point during the fiscal year, any other person who is among the three highest compensated officers for the fiscal year and any other person who was a covered employee for any fiscal year beginning after December 31, 2016 is generally limited under Section 162(m) of the US Tax Code to the extent it exceeds \$1 million in a given year. Our compensation philosophy strongly emphasizes performance-based compensation for our executive officers, which historically minimized the consequences of the Section 162(m) limit on deductibility. Regardless, the committee believed and continues to believe that the tax deduction limitation should not compromise its ability to design and maintain executive compensation arrangements necessary to attract and retain strong executive talent. Accordingly, achieving the desired flexibility in the design and delivery of compensation may result in compensation that in certain cases is not deductible for federal income tax purposes.

Share Ownership Guidelines

Both our non-employee directors as well as our senior executives (which we define as our Chief Executive Officer and each of his direct reports and includes all of our named executive officers) are required to maintain certain ownership levels of common shares during their service (see “Corporate Governance—Share Ownership Guidelines” on page 22 for additional information).

No Hedging Policy

Our named executive officers are prohibited from hedging their ownership or offsetting any decline in the market value of our common shares, including by trading in publicly-traded options, puts, calls or other derivative instruments related to our common shares.

Compensation Committee Report

We have reviewed and discussed the Compensation Discussion and Analysis with management. Based on our review and discussion with management, the Compensation Committee recommended to our Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

Employment Agreements

Under the employment agreements with each of Messrs. Casale, Curran and Bhasin and Ms. Gibbons, certain payments will be made and certain benefits will be provided in connection with certain terminations of employment.

Upon the termination of employment of any of Messrs. Casale, Curran and Bhasin or Ms. Gibbons by the Company without "cause" (as defined in the applicable employment agreement) or by such officer for "good reason" (as defined in the applicable employment agreement), in addition to any accrued or earned but unpaid amounts, and subject to execution of a general release of claims in favor of the Company and its affiliates, the named executive officer will be entitled to receive:

Generally, the non-competition covenant prevents the executive from engaging in mortgage insurance or reinsurance or any business activities in which we or any of our affiliates are engaged (or has committed plans to engage) during executive's employment, and the non-interference covenant prevents the executive from soliciting or hiring our employees or those of our affiliates and from soliciting or inducing any of our customers, suppliers, licensees, or other business relations or those of our affiliates, to cease doing business with us, or reduce the amount of business conducted with, us or our affiliates, or in any manner interfering with our relationship with such parties.

- on or following the completion of the applicable performance period, all of the then-unvested shares of such executive earned under the award will immediately vest; and
- prior to the completion of the applicable performance period, the number of shares which become earned under the award will be based on the deemed attainment of the performance metric to which the award is subject at the 150% performance level:
 - if the acquiring entity in the change in control event does not assume the award, then such earned shares will become immediately vested; or
 - if the acquiring entity in the change in control event does assume the award, then such earned shares shall be converted into a number of time-based restricted shares of the acquiring entity that have a fair market value equal to such earned shares as of the date of the change in control (provided that the acquiring entity's shares are publicly traded), with such shares vesting on the earlier of (i) the last day of the performance period to which the original performance-based award was subject, and (ii) the termination of the executive's employment with the acquiring company without cause by the acquiring company or for good reason by the awardee.

- (1) Based on the bonus of each of Messrs. Casale, Curran and Bhasin and Ms. Gibbons under our annual leadership bonus program at the target level, which is 175% of Mr. Casale's base salary for 2023 of \$1,000,000, and 100% of the base salary of each of Messrs. Curran and Bhasin and Ms. Gibbons for 2023 of \$650,000, \$450,000 and \$500,000, respectively.
- (2) Represents the value of accelerating the vesting of unvested time-based restricted common share awards, including dividend equivalent rights granted pursuant to the terms of the award agreements governing the restricted common shares. This value is determined for each of Messrs. Casale, Curran and Bhasin and Ms. Gibbons by multiplying (i) the number of unvested time-based restricted common shares and related dividend equivalent units held by each of Messrs. Casale, Curran and Bhasin and Ms. Gibbons that would have vested during the 18-month (or, for Mr. Casale, 24-month) period following the date of termination, by (ii) \$52.74, the closing price of our common shares on the NYSE on December 29, 2023.
- (3) Represents the value of accelerating the vesting of unvested time-based restricted common share awards, including dividend equivalent rights granted pursuant to the terms of the award agreements governing the restricted common shares. This value is determined for each of Messrs. Casale, Curran and Bhasin and Ms. Gibbons by multiplying (i) the number of unvested time-based restricted common shares and related dividend equivalent units held by each of Messrs. Casale, Curran and Bhasin and Ms. Gibbons on December 29, 2023, by (ii) \$52.74, the closing price of our common shares on the NYSE on December 29, 2023.
- (4) Represents the value of accelerating the vesting of performance-based restricted common share awards, including dividend equivalent rights granted pursuant to the terms of the award agreements governing the restricted common shares. This value is determined for each of Messrs. Casale, Curran and Bhasin and Ms. Gibbons by multiplying: (i) (x) the number of unvested performance-based restricted common shares and related dividend equivalent units held by each of Messrs. Casale, Curran and Bhasin and Ms. Gibbons outstanding on December 29, 2023 (which, for shares that have not yet been earned, assumes the maximum number of shares that may be earned, with the exception of the awards granted on February 5, 2021, which assume vesting at 133%, the actual earned percentage for such awards for the three-year performance period that ended on December 31, 2023), multiplied by (y) \$52.74, the closing price of our common shares on the NYSE on December 29, 2023, by (ii) a fraction equal to (a) the number of days which elapsed during the applicable performance period prior to the date of termination or the change in control, as applicable, by (b) 1,095.
- (5) Represents the value of accelerating the vesting of performance-based restricted common share awards, including dividend equivalent rights granted pursuant to the terms of the award agreements governing the restricted common shares. This value is determined for each of Messrs. Casale, Curran and Bhasin and Ms. Gibbons by multiplying (i) the number of unvested performance-based restricted common shares and related dividend equivalent units held by each of Messrs. Casale, Curran and Bhasin and Ms. Gibbons outstanding on December 29, 2023 (which, for shares that have not yet been earned, assumes the number of shares subject to performance-based awards at the 150% performance level, with the exception of the awards granted on February 5, 2021, which assume vesting at 133%, the actual earned percentage for such awards for the three-year performance period that ended on December 31, 2023), multiplied by (ii) \$52.74, the closing price of our common shares on the NYSE on December 29, 2023. Assumes that the acquiring entity in the change in control transaction does not assume any performance-based restricted common share awards outstanding prior to the transaction, resulting in the maximum number of shares that may be earned under such awards becoming vested upon such change in control.

Pay Versus Performance

The following table and supporting graphics below set out information regarding fiscal years ended December 31, 2023, 2022, 2021 and 2020 in satisfaction of Item 402(v) of Regulation S-K. The Company's compensation programs have a history of aligning pay and performance. This is demonstrated in the Company selected measure listed below: Growth in Book Value per Share, which focuses on year-over-year increases in total shareholders' equity through earnings and our ability to return capital to shareholders. Growth in Book Value per Share serves as the basis for a performance metric for our long term equity incentive program—the largest component of compensation for our chief executive officer and a significant component of compensation for our other named executive officers. For detail on the Company's executive compensation programs, see the CD&A section beginning on page 29.

(2) SEC rules require certain adjustments be made to the "Summary Compensation Table" totals to determine "compensation actually paid" as reported in the table above. For purposes of the equity award adjustments shown below, no equity awards were cancelled due to a failure to meet vesting conditions. The following table details the applicable adjustments that were made to determine "compensation actually paid" (all amounts are averages for the non-PEO named executive officers, who we refer to as Other NEOs in the following table):

(3) Represents our Company's cumulative total shareholder return ("TSR") for the measurement period December 31, 2019 through December 31 of the year indicated.

(4) Represents the cumulative TSR of a composite peer group selected by us consisting of Arch Capital Group Ltd., Enact Holdings, Inc. (from and after September 16, 2021), Genworth Financial, Inc. (through September 15, 2021), MGIC Investment Corporation, NMI Holdings, Inc. and Radian Group Inc. (collectively, the "Peer Index"). We selected the members of each peer group because each was, at the time, a direct competitor of ours in the private mortgage insurance industry. On September 16, 2021, shares of common stock Enact Holdings, Inc. began trading on the Nasdaq Global Select Market, independent of the shares of its parent company, Genworth Financial, Inc. (which retained approximately 80% of the outstanding common shares of Enact Holdings, Inc. after its initial public offering on such date). The Peer Group is the peer group used by our Company for purposes of Item 201(e) of Regulation S-K under the Exchange Act in our Annual Report on Form 10-K for the year ended December 31, 2023.

- (5) Represents "Net Income" in our Company's Consolidated Income Statements included in our Annual Report on Form 10-K for each of the years ended December 31, 2023, 2022, 2021 and 2020.
- (6) Our Company-selected measure is Growth in Book Value per Share. Book value per share is calculated as (i) total stockholders equity, divided by (ii) total common shares outstanding. Amounts in column represent growth in book value per share as of December 31, 2023, 2022, 2021 and 2020 as a percentage of the book value per share as of December 31 of the year immediately preceding each such date.

The following graphs show the relationship between executive compensation actually paid and, respectively, Growth in Book Value per Share, TSR, and net income.

The movement of the price of our common shares over a given year can have a large impact on the calculation of compensation actually paid to our CEO and our other named executive officers as a group during that year, given the methodology required under applicable SEC rules to calculate compensation actually paid as well as the large component of multi-year equity awards in our executive compensation program.

Book value per share measures the intrinsic value of Essent on a per share basis—such that an increase in book value per share reflects the building of value for our shareholders. TSR captures the view of the equity markets to our efforts. The graphs above demonstrate some correlation between these measures and the calculated compensation actually paid.

The following non-ranked list shows the financial performance measures we view as the most important to link executive compensation actually paid during the most recent fiscal year to our performance during that same period:

- Earnings per share
- Growth in book value per share
- Net income
- New insurance written (NIW)
- Return on equity
- TSR

CEO Pay Ratio

The disclosure of CEO pay ratio is required under the Dodd-Frank Act. Our CEO to median employee pay ratio is calculated in accordance with SEC requirements. We identified the median employee by examining the annual total compensation for all employees, excluding our CEO, who were employed by us on December 31, 2023, the last day of our last completed fiscal year. To identify the median of the annual total compensation of all our employees in 2023, as well as to determine the annual total compensation of our median employee and our CEO for 2023, we took the following steps:

- For U.S.-based employees, we compared the amount of salary, wages and tips of our employees as reflected in our payroll records as reported to the Internal Revenue Service on Form W-2 for 2023.
- For Bermuda-based employees, we estimated the total compensation that would have been reported for such employees on a Form W-2 for 2023 had each of those employees been employed in the United States.
- Because equity awards are widely distributed to our employees, we have included the value of equity shares that vested in 2023 in our compensation measure in the amounts reported in our employees' Form W-2s for the year.

After identifying the median employee based on annual total compensation, we calculated annual total compensation for such employee using the same methodology we use for our named executive officers in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K as set forth in the 2023 Summary Compensation Table that appears earlier in this proxy statement, resulting in annual total compensation of \$120,456, which was used to determine the ratio above.

Our CEO pay is designed to provide a competitive CEO pay package with significant performance-based pay in a highly competitive CEO talent market. Median employee pay represents our compensation to employees at various rates based on competitive labor markets. The table below sets forth: (i) the annual total compensation of our CEO; (ii) the median of the annual total compensation of all of our employees, excluding our CEO, who were employed by us on December 31, 2023; and (iii) the ratio of our CEO's annual total compensation to the median of the annual total compensation of all other employees. As indicated in the table, the ratio of our CEO's annual total compensation to the median annual total compensation of all other employees is 73.8:1.

Proposal No. 2: Re-appointment of Independent Registered Public Accounting Firm and Referral of the Determination of the Auditors' Compensation to the Board of Directors

Upon the recommendation of our Audit Committee, our Board of Directors proposes that our shareholders re-appoint PricewaterhouseCoopers LLP as our independent registered public accounting firm to serve for the year ended December 31, 2024 and until the 2025 Annual General Meeting of Shareholders. A representative of PricewaterhouseCoopers LLP will be available at the Annual Meeting to make any statement he or she may desire and to respond to appropriate questions from shareholders. Shareholders at the Annual Meeting will also be asked to vote to refer the determination of the auditors' compensation to our Board of Directors.

In deciding to recommend the re-appointment of PricewaterhouseCoopers LLP, our audit committee noted that there were no auditor independence issues raised with PricewaterhouseCoopers LLP.

Our Audit Committee reviews audit and non-audit services performed by PricewaterhouseCoopers LLP, as well as the fees charged by PricewaterhouseCoopers LLP for such services. In its review of non-audit service fees, the Audit Committee considers, among other things, the possible effect of the performance of such services on the auditor's independence. Additional information concerning the Audit Committee and its activities with PricewaterhouseCoopers LLP can be found under "Corporate Governance—Meetings and Committees of our Board of Directors—Audit Committee" in this proxy statement.

Required Vote and Recommendation

Re-appointment of PricewaterhouseCoopers LLP requires the affirmative vote of a majority of the votes cast on the matter. If our shareholders do not vote to re-appoint PricewaterhouseCoopers LLP, our audit committee will reconsider the re-appointment of PricewaterhouseCoopers LLP. Even if our shareholders do vote to re-appoint PricewaterhouseCoopers LLP, our audit committee retains the discretion to reconsider its re-appointment if the audit committee believes it necessary to do so in the best interest of us and our shareholders.

The Board of Directors recommends a vote FOR the re-appointment of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm to serve for the year ended December 31, 2024 and until the 2025 Annual General Meeting of Shareholders and the referral of the determination of the auditors' compensation to our Board of Directors. Under its pre-approval policy, the Audit Committee has delegated authority to its chairman to pre-approve audit-related and non-audit services the cost of which will not exceed \$25,000; provided, that the chairman is required to report any pre-approval decisions to the Audit Committee at its next meeting. Any services that exceed the pre-approved dollar limit require specific pre-approval by the Audit Committee. The engagement of PricewaterhouseCoopers LLP for non-audit accounting and tax services is limited to circumstances where these services are considered to be integral to the audit services that PricewaterhouseCoopers LLP provides or where there is another compelling rationale for using PricewaterhouseCoopers LLP. All audit, audit-related and permitted non-audit services for which PricewaterhouseCoopers LLP was engaged were pre-approved by the audit committee in compliance with applicable SEC requirements.

We have been advised by PricewaterhouseCoopers LLP that neither the firm, nor any member of the firm, has any financial interest, direct or indirect, in any capacity in us or any of our subsidiaries.

Report of the Audit Committee

The Audit Committee of our Board of Directors assists our Board of Directors in performing its oversight responsibilities for our financial reporting process and audit process as more fully described in the Audit Committee's charter. Management has the primary responsibility for the financial statements and the reporting process. Our independent registered public accounting firm is responsible for performing an independent audit of our financial statements in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States) and to issue a report thereon.

In the performance of its oversight function, the Audit Committee reviewed and discussed our audited financial statements for the fiscal year ended December 31, 2023 with management and with our independent registered public accounting firm. In addition, the Audit Committee discussed with our independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 1301, as amended, (AICPA, Professional Standards, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T, which includes, among other items, matters related to the conduct of the audit of our financial statements. The Audit Committee has also received and reviewed the written disclosures and the letter from our independent registered public accounting firm required by the applicable requirements of the Public Company Accounting Oversight Board regarding the accounting firm's communications with the Audit Committee concerning independence and has discussed with our independent registered public accounting firm that firm's independence and considered whether the non-audit services provided by the independent registered public accounting firm are compatible with maintaining its independence.

Based on the review and discussions with management and our independent registered public accounting firm described above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2023 filed with the SEC.

Proposal No. 3: Advisory Vote on Executive Compensation

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, and Section 14A of the Securities Exchange Act of 1934, as amended, enables our shareholders to vote to approve, on a non-binding, advisory basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the SEC's rules. This proposal, commonly known as a "say-on-pay" proposal, gives our shareholders the opportunity to express their views on the compensation of our named executive officers.

As described in detail above under the heading "Executives and Executive Compensation—Compensation Discussion and Analysis," our executive compensation programs are designed to attract, retain, and motivate our named executive officers who are critical to our success. Under these programs, our named executive officers are rewarded for the achievement of annual and long-term strategic and corporate goals, and the realization of increased shareholder value. Please read the "Compensation Discussion and Analysis" and the "Summary Compensation Table" and related information in this proxy statement for additional details about our executive compensation programs, including information about the compensation of our named executive officers in 2023.

We are asking our shareholders to indicate their support for the compensation of our named executive officers as described in this proxy statement. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement. Accordingly, we will ask our shareholders to vote "FOR" the following resolution at the Annual Meeting:

"RESOLVED, that the Company's shareholders approve, on a non-binding, advisory basis, the compensation paid to our named executive officers, as disclosed in the Company's Proxy Statement for the 2024 Annual General Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosure."

Although the "say-on-pay" vote is advisory, and therefore not binding on us, we value the opinions of our shareholders and we will consider the outcome of the vote when making future compensation decisions.

The Board of Directors unanimously recommends a vote "FOR" the approval, on an advisory basis, of the compensation of our Named Executive Officers, as disclosed in this proxy statement.

Certain Relationships and Related Party Transactions

We have adopted a related person transactions policy pursuant to which our executive officers, directors and principal shareholders, including their immediate family members, are not permitted to enter into a related person transaction with us without the consent of our Audit Committee. Subject to certain exceptions, any request for us to enter into a transaction with an executive officer, director, principal shareholder or any of such persons' immediate family members, in which the amount involved exceeds \$120,000, will be required to be presented to our Audit Committee for review, consideration and approval. All of our directors, executive officers and employees are required to report to our Audit Committee any such related person transaction. In approving or rejecting the proposed transaction, our Audit Committee takes into account, among other factors it deems appropriate, whether the proposed related person transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances, the extent of the related person's interest in the transaction and, if applicable, the impact on a director's independence. Under the policy, if we should discover related person transactions that have not been approved, our Audit Committee will be notified and will determine the appropriate action, including ratification, rescission or amendment of the transaction.

Other than compensation agreements and other arrangements which are described in the "Corporate Governance—Director Compensation" and "Executive Officers and Executive Compensation" sections of this proxy statement and the transactions described below, during the year ended December 31, 2023 there was not, and there is not currently proposed, any transaction or series of transactions to which we were or will be a party in which the amount involved exceeded or will exceed \$120,000 and in which any of our directors, nominees for director, executive officers, holders of more than five percent of any class of our voting securities or any member of the immediate family of the foregoing persons had or will have a direct or indirect material interest.

We believe that the transaction described below is on terms no less favorable to us than we could have obtained from unaffiliated third parties.

Registration Rights Agreement

On November 11, 2014, we entered into an amended and restated registration rights agreement with Essent Intermediate, L.P., Valorina LLC, The Goldman Sachs Group, Inc., Aldermanbury Investments Limited, PPF Holdings II Ltd., Renaissance Re Ventures Ltd., Commonwealth Annuity and Life Reinsurance Co. Ltd., Mark A. Casale, and certain other shareholders identified therein, which amended the previous agreement pursuant to which certain shareholders have registration rights with respect to their registrable shares (as defined in the registration rights agreement) as set forth below.

Demand Rights. Certain shareholders have the right to demand registration of all or a portion of such shareholder's registrable shares. Any shareholder proposing to distribute their registrable shares through an underwritten offering shall enter into an underwriting agreement in customary form with an underwriter or underwriters that is mutually agreeable to us and the shareholders holding a majority-in-interest of the registrable shares that the shareholders requested for inclusion in such registration.

Shelf Registration. Certain shareholders have the right to demand an underwritten offering be effected under a registration statement on Form S-3.

Piggyback Rights. Certain shareholders have the right to elect to have included in any demand registration all or a portion of such shareholder's shares. In the event that we propose to register any of our shares pursuant to a registration statement, certain shareholders have the right to elect to have included in such registration all or a portion of such shareholder's shares.

Blackout Periods. We have the ability, subject to certain conditions, to delay the filing of a registration statement or suspend the use of a prospectus in connection with an underwritten demand request for a reasonable period of time which shall not exceed two occasions or 60 days in any 12-month period.

Registration Limitations. Any registration conducted pursuant to the registration rights agreement is subject to customary cutback provisions, as well as size, number and timing limitations as set forth therein, including that any demand for the registration of a shareholder's registrable shares must relate to an offering where the aggregate gross proceeds are reasonably expected to be at least \$50 million.

Indemnification; Expenses; Lock-ups. We have agreed to indemnify the applicable selling shareholder (including each member, manager, partner, officer and director thereof and legal counsel and independent accountant thereto), each underwriter of such seller of such registrable shares, and each other person, if any, who controls such seller or underwriter within the meaning of the Securities Act of 1933 or the Securities Exchange Act of 1934 against any expenses, losses, claims, damages or liabilities resulting from any untrue statement or omission of material fact contained in any registration statement, prospectus or any amendment or supplement to such registration statement, unless such liability arose from the applicable selling shareholder's misstatement or omission, and the applicable selling shareholder has agreed to indemnify us against all losses caused by its misstatements or omissions. We will pay all registration expenses of all registrations under the registration rights agreement, provided, however, that if a demand registration is withdrawn at the request of the shareholders requesting such registration (other than as a result of information concerning the business or financial condition of the

Company that is made known in writing to the shareholders requesting registration after the date on which such registration was requested) and if the requesting shareholders elect not to have such registration counted as a demand registration or shelf takedown, the requesting shareholders will pay the registration expenses of such registration pro rata in accordance with the number of their registrable shares requested to be included in such registration. In connection with any public offering, each shareholder, and officer or director of the Company, if requested by us and the underwriters managing such public offering, agree not to sell or otherwise transfer or dispose of any registrable shares or, with respect to certain shareholders only, other securities of the Company, held by such shareholder (other than those registrable shares included in the public offering) for a specified period of time not to exceed 90 days from the effective date of such registration.

Other Business at the Annual Meeting

Our Board of Directors does not presently intend to bring any other business before the meeting, and, so far as is known to our Board of Directors, no matters are to be brought before the Annual Meeting except as specified in the Notice of Annual General Meeting of Shareholders. As to any business that may properly come before the Annual Meeting, however, it is intended that proxies, in the form enclosed, will be voted in respect thereof in accordance with the judgment of the persons voting such proxies. In addition, such persons may vote such proxy to adjourn the Annual Meeting if necessary. Our Board of Directors also has the authority to postpone the Annual Meeting in such circumstances. In the event it is advisable to adjourn, postpone or change the date or time of our Annual Meeting, we will announce our decision as promptly as practicable.

Our financial statements for the year ended December 31, 2023 and the auditors' report thereon will be formally presented at the Annual Meeting, but no shareholder action is required thereon.

Delinquent Section 16(a) Reports

Section 16(a) of the Securities Exchange Act of 1934 requires our officers, members of our Board of Directors and persons who own more than 10% of our common shares to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Officers, directors and greater than 10% shareholders are required by regulation to furnish us with copies of all Section 16(a) forms that they file. Based solely on a review of the copies of such forms furnished to us, or written representations that no annual statements of beneficial ownership of securities on Form 5 were required to be filed, we believe that during the year ended December 31, 2023 our officers, directors and greater than 10% shareholders complied with all applicable Section 16(a) filing requirements.

Such notice also must set forth the information required by Rule 14a-19 under the Securities Exchange Act of 1934 in addition to the information required under our Bye-laws.

What is the purpose of the Annual Meeting and these materials?

We are providing these proxy materials in connection with the solicitation by our Board of Directors of matters to be voted on at the Annual Meeting and any adjournments or postponements of the Annual Meeting.

At the Annual Meeting, you will be asked to vote on the following matters:

- the election of three Class I directors to serve through the 2027 Annual General Meeting of Shareholders;
- the re-appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2024 and until our 2025 Annual General Meeting of Shareholders, and the referral of the determination of the auditors' compensation to our Board of Directors;
- a non-binding, advisory vote to approve the 2023 compensation of our named executive officers; and
- any other business that may properly come before the Annual Meeting and any adjournments or postponements thereof.

What is the Board of Directors' recommendations?

Our Board of Directors recommends a vote:

- FOR the election of each of Aditya Dutt, Henna Karna and Roy J. Kasmar to serve as a Class I director through the 2027 Annual General Meeting of Shareholders;
- FOR the re-appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2024 and until our 2025 Annual General Meeting of Shareholders, and the referral of the determination of the auditors' compensation to our Board of Directors; and
- FOR the approval, on a non-binding, advisory basis, of the 2023 compensation of our named executive officers.

Who is entitled to vote at the Annual Meeting?

Our Board of Directors has set March 8, 2024 as the record date for the Annual Meeting. All shareholders who owned common shares at the close of business on March 8, 2024 may vote at the Annual Meeting, either in person or by proxy. As of the record date, there were 106,749,888 common shares outstanding and entitled to vote.

How many votes do I have?

You have one vote for each common share that you owned at the close of business on the record date, provided that on the record date those shares were either held directly in your name as the shareholder of record or were held for you as the beneficial owner through a broker, bank or other intermediary. There is no cumulative voting.

What is the difference between holding shares as a shareholder of record and as a beneficial owner?

Many of our shareholders hold their shares through a broker, bank or other intermediary rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Shareholder of Record. If your shares are registered directly in your name with our transfer agent, Equinity Trust Company, LLC, you are considered to be the shareholder of record with respect to those shares, and these proxy materials are being sent directly to you by us. As a shareholder of record, you have the right to grant your voting proxy directly to us or to vote in person at the Annual Meeting. We have enclosed a proxy card for you to use.

Beneficial Owner. If your shares are held in a stock brokerage account or by a bank or other intermediary, you are considered to be the beneficial owner of shares held in "street name," and this proxy statement and the accompanying materials are being forwarded to you by your broker, bank or other intermediary, which is considered to be the shareholder of record with respect to those shares. As a beneficial owner, you have the right to direct your broker, bank or other intermediary on how to vote and are also invited to attend the Annual Meeting. Your broker, bank or other intermediary has enclosed a voting instruction card for you to use in directing the broker, bank or other intermediary regarding how to vote your shares. However, since you are not the shareholder of record, you may not vote these shares in person at the Annual Meeting unless you obtain a proxy, executed in your favor, from the holder of record of such shares.

What if I don't vote for some of the items listed on my proxy card or voting instruction card?

If you are a record holder and return your signed proxy card in the enclosed envelope but do not mark selections, your shares will be voted in accordance with the recommendations of our Board of Directors. If you indicate a choice with respect to any matter to be acted upon on your proxy card, your shares will be voted in accordance with your instructions.

If you are a beneficial owner and hold your shares in street name through a broker and do not give voting instructions to the broker, the broker will determine if it has the discretionary authority to vote on the particular matter. Under the applicable rules, brokers have the discretion to vote on routine matters, such as the selection of accounting firms, but do not have discretion to vote on non-routine matters, including the uncontested election of directors. As a result, if you are a beneficial owner and hold your shares in street name but do not give your broker or other nominee instructions on how to vote your shares with respect to the election of directors, no votes will be cast on your behalf with respect to the election of directors.

If you do not provide voting instructions to your broker and your broker indicates on its proxy card that it does not have discretionary authority to vote on a particular proposal, your shares will be considered to be "broker non-votes" with regard to that matter. Proxy cards that reflect a broker non-vote with respect to at least one proposal to be considered at the Annual Meeting (so long as they do not apply to all proposals to be considered) will be considered to be represented for purposes of determining a quorum but will not otherwise be counted.

We encourage you to provide voting instructions to your broker by carefully following in the instructions provided by your broker.

What options are available to me to vote my shares?

Whether you hold shares directly as the shareholder of record or through a bank, broker or other intermediary, your shares may be voted at the Annual Meeting by following any of the voting options available to you below:

You may vote via the Internet. You may submit your proxy or voting instructions over the Internet by following the instructions on the proxy card or voting instruction form.

You may vote via the telephone.

- If you are a shareholder of record, you can submit your proxy by calling the telephone number specified on the paper copy of the proxy card that you received with the proxy materials. You must have the control number that appears on your proxy card available when submitting your proxy over the telephone.
- Most shareholders who hold their shares in street name may submit voting instructions by calling the number specified on the paper copy of the voting instruction form provided by their bank, broker or other intermediary. Those shareholders should check the voting instruction form for telephone voting availability.

You may vote by mail. You can submit your proxy or voting instructions by completing and signing the separate proxy card or voting instruction form you received and mailing it in the accompanying prepaid and addressed envelope.

You may vote in person at the Annual Meeting. All shareholders of record may vote in person at the virtual Annual Meeting. However, if you are the beneficial owner of shares held in street name through a bank, broker or other intermediary, you may not vote your shares at the virtual Annual Meeting unless you obtain a "legal proxy" from the bank, broker or intermediary that holds your shares, giving you the right to vote the shares at the Annual Meeting.

Even if you plan to participate in the Annual Meeting, we recommend that you submit your proxy or voting instructions in advance to authorize the voting of your shares at the Annual Meeting to ensure that your vote will be counted if you later are unable to attend.

How many votes must be present to hold the Annual Meeting?

The presence of two persons in person and throughout the meeting representing, in person or by proxy, more than a majority of the common shares outstanding and entitled to vote on the matters to be considered at the Annual Meeting, is required for the transaction of business at the Annual Meeting. This is called a "quorum." Your shares will be counted as being present at the Annual Meeting if either you are present and vote in person at the Annual Meeting or a proxy card has been properly submitted by you or on your behalf and such proxy card indicates a vote on at least one matter to be considered at the Annual Meeting. Both abstentions and "broker non-votes" (under certain circumstances described below) are counted as being present for the purpose of determining the presence of a quorum. If a quorum is not present by attendance at the Annual Meeting or represented by proxy, the meeting will be adjourned to the same date one week later, at the same time and place, or to such other date, time and place as the Secretary may determine. If a new record date is fixed for the adjourned meeting, we will provide notice of the adjourned meeting to each shareholder of record entitled to vote at the meeting.

What is the vote required to pass each proposal to be presented at the Annual Meeting?

Each proposal or matter voted on at the Annual Meeting will be decided by a simple majority of votes cast on such proposal or matter.

With respect to the election of directors, you may vote "For" all nominees, "Withhold" your vote as to any or all of the nominees, or vote "For" some but not all of the nominees and "Withhold" your vote for the remaining nominee(s). A properly executed proxy marked "Withhold" with respect to the election of any or all of the directors will not be voted with respect to the director or directors indicated. With respect to the election of directors, proxies may not be voted for more than three nominees. Shareholders may not cumulate votes in the election of directors.

With respect to the selection of our auditor and the non-binding, advisory vote on the compensation of our named executive officers, you may vote "For", "Against" or "Abstain". If you "Abstain" from voting on the selection of our auditor or the non-binding, advisory vote on the compensation of our named executive officers, the abstention will no effect on the vote for such matter.

What does it mean if I receive more than one set of proxy materials?

Generally, it means that you hold common shares registered in more than one account. To ensure that all of your shares are voted, please vote in the manner described above with respect to each proxy card or voting instruction card accompanying the proxy materials.

Can I change or revoke my vote after I return my proxy card or voting instruction card?

Yes. Any shareholder of record has the power to change or revoke a previously submitted proxy at any time before it is voted at the Annual Meeting by:

- submitting to our Secretary, before the voting at the Annual Meeting, a written notice of revocation bearing a later date than the proxy;
- timely delivery of a valid, later-dated proxy (only the last proxy submitted by a shareholder by Internet, telephone or mail will be counted); or
- attending the Annual Meeting and voting in person (provided that attendance at the Annual Meeting will not by itself constitute a revocation of a proxy).

For shares held in street name, you may revoke any previous voting instructions by submitting new voting instructions to the bank, broker or other intermediary holding your shares by the deadline for voting specified in the voting instructions provided by your bank, broker or other intermediary. Alternatively, if your shares are held in street name and you have obtained a legal proxy from the bank, broker or other intermediary giving you the right to vote the shares at the Annual Meeting, you may revoke any previous voting instructions by attending the Annual Meeting and voting in person.

How can I participate in the Annual Meeting?

The Annual Meeting is open to all shareholders holding common shares as of the record date.

You will be able to attend and participate in the Annual Meeting online by visiting <https://web.lumiagm.com/209457238>. To participate, you will need your 16-digit control number included in your proxy materials, on your proxy card, or on the instructions that accompanied your proxy materials, and the meeting password, essent2024 (case sensitive).

The meeting will begin promptly at 8:00 a.m. Atlantic Daylight Time. We encourage you to access the meeting prior to the start time. Online access will open at 7:45 a.m. Atlantic Daylight Time. We recommend that you carefully review the procedures needed to gain admission in advance.

We encourage all shareholders, even those who plan to attend the Annual Meeting, to vote in advance. If you intend to vote at the Annual Meeting, you must provide our Secretary with oral or written notice either at or prior to the meeting.

What is a proxy? How do I appoint a proxy and instruct that individual how to vote on my behalf?

A proxy is your legal designation of another person to vote on your behalf the common shares that you hold.

You can appoint the proxies recommended by our Board of Directors (*i.e.*, Mark A. Casale and Mary L. Gibbons; see “What does solicitation of proxies mean?” below) to vote on your behalf, and give those individuals voting instructions by following the directions on the proxy card.

If you are a shareholder of record, you may also appoint another individual to represent you at the Annual Meeting by notifying our Secretary in writing before the Annual Meeting begins. Your appointed proxy must provide valid picture identification to be admitted to the Annual Meeting.

If you are a beneficial owner, please contact the broker that holds your common shares if you intend to appoint a proxy that is different from those recommended by our Board of Directors.

What does solicitation of proxies mean?

In a solicitation of proxies, one party (in this case, our Board of Directors) encourages shareholders to appoint one or more particular individuals (in this case, Mark A. Casale, our Chairman of the Board of Directors, President and Chief Executive Officer, and Mary L. Gibbons, our Senior Vice President, Chief Legal Officer and Assistant Secretary) to vote on their behalf (*i.e.*, to vote as their proxy in accordance with their instructions).

We will bear the expense of printing and mailing proxy materials. In addition to this solicitation of proxies by mail, our directors, officers and other employees may solicit proxies by personal interview, telephone, facsimile or e-mail. They will not be paid any additional compensation for such solicitation. We will request brokers and intermediaries who hold our common shares in their names to furnish proxy materials to beneficial owners of the shares. We will reimburse such brokers and intermediaries for their reasonable expenses incurred in forwarding solicitation materials to such beneficial owners.

Beneficial owners will be asked to forward the proxy materials to the broker that holds their common shares. That entity will be reimbursed for its reasonable expenses incurred in connection with distributing and collecting proxy materials.

What else will happen at the Annual Meeting?

At the Annual Meeting, the only item currently on the agenda, other than the election of directors, the re-appointment of our independent registered public accounting firm and consideration of the 2023 compensation of our named executive officers, is for the shareholders to receive our financial statements and the report of our independent registered public accounting firm thereon for the year ended December 31, 2023.

How can I access Essent Group Ltd.'s proxy materials and annual report electronically?

This proxy statement and our 2023 Annual Report to Shareholders, including our Annual Report on Form 10-K for the year ended December 31, 2023, are available on our website at www.essentgroup.com.

How do I find out the voting results?
